

PAXXAL PALLET

PAXXAL PALLET

K1

SPECIFICATIONS

MATERIAL:	High Density Polyethylene + Solid Proprietary Core	
FORK ENTRY:	4-Way Entry	
DIMENSIONS:	48 in x 40 in x 6.3 in	120 cm x 100cm x 16 cm
WEIGHT:	60 lbs	27 kg
UNSUPPORTED EDGE-RACKABLE:	2,500 lbs	1,134 kg
DYNAMIC LOAD:	6,000 lbs	2,722 kg
STATIC LOAD:	30,000 lbs	13,608 kg

Paxxal Pallets comply with the guidelines of USDA & FDA and have been ISO 86:11 tested by Virginia Tech's Center for Packaging and Unit Load Design.

DESCRIPTION

All Paxxal Pallets are made with a virgin HDPE outershell and a proprietary, solid-filled core. This patented mixture combined with our unique rotomolding process creates a pallet that is stronger and more impact resistant than standard plastic pallets. Fill ports are hermetically sealed and the top and bottom pieces are joined together by a unique, integrated, central locking mechanism and fusion welded on each leg.

MAIN ATTRIBUTES

- ✓ Unsurpassed durability
- ✓ Less combustible than plastic alone
- ✓ Slip-resistant top deck
- ✓ Excellent resistance to extreme temperatures, bacterial growth, corrosion, creep, and UV
- ✓ Contoured legs to guide forklift
- ✓ Zero distortion -40°F to 170°F
- ✓ Pass-through top deck for fast drying
- ✓ 100% recyclable
- ✓ Consistant dimensions for automated systems

APPLICATION

Paxxal is committed to your success. To ensure this pallet meets your operational needs, we provide free-of-charge, returnable Paxxal assessment pallets. All Paxxal pallets are manufactured via fully-automated, custom-developed rotational mold pallet manufacturing equipment to ensure product consistency.

PAXXAL PALLET

SOLID-FILLED / SOLID PERFORMANCE

OUTPERFORMS OTHER PALLET

- More durable than wood or plastic
- Higher impact resistance
- Non-brittle in extreme temperature
- Exceptional performance in all climates
- Zero distortion -40°F to 170°F

DESIGNED FOR OPTIMAL PERFORMANCE

- Ideal for automated environments
- Won't crack or break under low temperatures
- Resistant to fungal spores, corrosion, creep & UV
- Extremely simple to sterilize and clean

DESIGNED TO REDUCE OVERALL COSTS

- Exempt from fumigation requirements
- 100% recyclable
- RFID tracking options readily available

 **Uniquely
Rotomolded**

STRONG

Vibration-absorbing solid-filled core and uniform wall thickness prevents product damage

SMART

All pallets are uniquely encoded with RFID, 2D, and Data Matrix Barcode

SANITARY

Sealed surface and drainage vents minimize moisture and contamination risks

SUSTAINABLE

100% Recyclable reduces environmental impact.

Award Winning

*Best pallet for all of your closed-loop
or in-house applications*
