- Molded from tough, durable polyethylene, the Tool-Tainer™ II and II-L will never rust, dent, corrode or need painting. Withstands temperatures to -40°.
- Keyed tongue and groove lid closure keeps your box dry and dust free.
- They are so big it's like getting two boxes for one. 50% deeper than standard size boxes. Two sizes fit most compact and full size trucks, both long and short bed. They can be mounted directly behind the cab or at the tailgate.
- Tool-Tainer™ II and II-L will not sag in the middle. Supports are shipped with each box.
- There are no hinges, springs or weather-stripping to wear out or break. This means no failures, no repairs, and no maintenance.
- Now available in front or side mounted lid handles. Special order option allows for mounting the box in the truck bed by the tailgate.
